Subject: Notification of Update to Stormwater Pollution Prevention Plan (SWPPP) for Chicago O'Hare International Airport

Good morning. The Chicago Department of Aviation (CDA) has recently updated the Stormwater Pollution Prevention Plan (SWPPP) for Chicago O'Hare International Airport to 2013 airfield conditions, to match the date of issuance of the current NPDES Permit. The CDA will continue to update the O'Hare SWPPP as airfield conditions change. This document can be accessed by the link below.

Download the updated SWPPP (Link expires December 12, 2016): <https://filesend.landrum-brown.com/download.aspx?f=6951-AyL9itc1L7TT>

If you are not the correct contact within your organization to receive the updated O'Hare SWPPP, please forward this e-mail as you see fit, and CC oharestormwater@cityofchicago.org so that we can keep our contact list up to date.

If you would like a CD copy of the updated SWPPP, please send a request via e-mail to oharestormwater@cityofchicago.org and provide your name, title, and full mailing address.

Lastly, please submit any questions you have via e-mail to oharestormwater@cityofchicago.org, and we will answer those questions as quickly as possible.

The CDA greatly appreciates all of your work to manage O'Hare's stormwater drainage system.

Sincerely,

Aaron J. Frame, Deputy Commissioner of Environment
